

## **NOTICE OF PRIVACY PRACTICES**

**THIS NOTICE DESCRIBES HOW DENTAL INFORMATION ABOUT YOU MAY BE USED AND DISCLOSED AND HOW YOU CAN GET ACCESS TO THIS INFORMATION. PLEASE REVIEW IT CAREFULLY.**

We respect our legal obligation to keep health information that identifies you private. We are obligated by law to give you Notice of our Privacy Practices. This Notice describes how we protect your health information and what rights you have regarding it.

## **TREATMENT, PAYMENT AND HEALTH CARE OPERATIONS**

The most common reason why we use or disclose your health information is for treatment, payment or health care operations. Examples of how we use or disclose information for treatment purposes are: setting up an appointment for you; comprehensive dental exam; preparing a comprehensive treatment plan; referring you to your general dentist for general dentistry; referring you to another dental specialist for additional dental therapy (in conjunction with dental therapy in our office); faxing information to the previously mentioned dentists; or getting copies of your health information from another professional that you may have seen before us. Examples of how we use or disclose your health information for payment purposes are: asking you about your health or dental care plans, or other sources of payment; preparing and sending bills or claims; and collecting unpaid amounts (either ourselves or through a collection agency or attorney). "Health care operations" means those administrative and managerial functions that we have to do in order to run our office. Examples of how we use or disclose your health information for health care operations are: financial or billing audits; internal quality assurance's personnel decisions; defense of legal matters; and business planning. We routinely use your health information inside our office for these purposes without any special permission. If we need to disclose your health information outside of our office for these reasons, we usually will not ask you for special written permission. We will ask for special written permission in the following situations: in rare situations related to research, marketing, lecturing and employment determination activities where your name and medical history may be utilized.

## **USES AND DISCLOSURES FOR OTHER REASONS WITHOUT PERMISSION**

In some limited situations, the law allows or requires us to use or disclose your health information without permission. Not all of these situations will apply to us; some may never come up at our office at all. Such uses or disclosures are:

- When a state or federal law mandates that certain health information be reported for a specific purpose;
- For public health purposes, such as contagious disease reporting, investigation or surveillance; and notices to and from the federal Food and Drug Administration regarding drugs or medical devices;
- Disclosures to governmental authorities about victims of suspected abuse, neglect or domestic violence;
- Uses and disclosures for health oversight activities, such as for the licensing doctors; or for investigation of possible violations of health care laws; disclosures for judicial and administrative proceedings, such as in response to subpoenas or orders of courts or administrative agencies; disclosures for law enforcement purposes, such as to provide information about someone who is or is suspected to be a victim of a crime; to provide information about a crime at our office; or to report a crime that happened somewhere else;
- Disclosure to a medical examiner to identify a dead person or to determine the cause of death; or to funeral directors to aid in burial; or to organizations that handle organ or tissue donations;
- Uses or disclosures for health related research;
- Uses and disclosures to prevent a serious threat to health or safety;
- Uses or disclosures for specialized government functions, such as for the protection of the president or high ranking government officials; for lawful national intelligence activities; for military purposes; or for the evaluation and health of members of the foreign service;
- Disclosures of de-identified information; disclosures relating to worker's compensation programs;
- Disclosures of a "limited data set" for research, public health, or health care operations; incidental disclosures that are unavoidable by-product of permitted uses or disclosures;
- Disclosures to "business associates" who perform health care operations for us and who commit to respect the privacy of your health information; unless you object, we will also share relevant information about your care with your family or friends who are helping you with your dental care.

## **APPOINTMENT REMINDERS**

We may call or write to remind you of scheduled appointments, or that it is time to make a routine appointment. We may also call or write to notify you of other treatment or services available at our office that might help you. Unless you tell us otherwise, we will leave a reminder message on your home/work answering machine or with someone who answers your phone if you are not home/work, and/or mail you an appointment reminder.

## **OTHER USES AND DISCLOSURES**

We will not make any other uses or disclosures of your health information unless you sign a written “authorization form”. The content of an “authorization form” is determined by federal law. Sometimes, we may initiate the authorization process if the use or disclosure is our idea. Sometimes, you may initiate the process if it’s your idea for us to send information to someone else. Typically, in this situation, you will give us properly completed authorization form, or you can use ours.

If we initiate the process and ask you to sign an authorization form, you do not have to sign it. If you do not sign the authorization, we cannot make the use or disclosure. If you do sign one, you may revoke it any time unless we have already acted in reliance upon it. Revocations must be in writing. Send them to the office contact person named at the beginning of the Notice.
